Ms. Brianna Dunn-Robb, Principal

Good Afternoon Constitution Community,

First and foremost, I hope that you are safe and healthy. These are unprecedented times, and we want to thank you for your outpouring of support and continued patience. As you may be aware, the District is moving forward with a plan for digital learning. Beginning April 20, 2020, we will be working under a virtual schedule as detailed below. Teachers will be emailing their students with invitations to participate in online learning sessions during their scheduled virtual enrichment/review periods. Students are required to participate in these sessions to work on enrichment and review of content that has been taught during the school year. Teachers will provide feedback via phone, email and/or other online methods of communication. It is imperative that all students actively participate during online learning sessions and complete assigned enrichment/review work. Beginning in May, teachers will begin teaching new content via online platforms.

This is a new way of teaching and learning for our entire school community. We need to rally as a school community and work together to support the learning of our students. As the leader of Constitution High School, I am reiterating that all students are required to actively participate during online sessions and submit assigned work for feedback. This is about learning and continuing to prepare for next year.

Also, I want each family to know that we are here to support your student academically, physically and emotionally. Our staff has been sharing information on the various feeding sites across the city of Philadelphia. These sites offer meals to all families and no identification is needed. In addition, Ms. Miller, our school counselor, has a variety of resources to support students emotionally during this challenging time. Please reach out to Ms. Miller (amiller@philasd.org) with any questions or requests for any student supports. Nurse Thompson (sthompson@philasd.org) is also available to share knowledge on any health concerns, and Mr. Moore (rjmoore@philasd.org) has a variety of exercise videos with activities students can perform at home to remain active and healthy.

Again, please see the schedule and expectations for students below. If you have any questions, please reach out via my email address below.

Be well and stay safe.
